Portfolio

LinkedIn

- +2 years of building SAAS and single page applications using React and Redux Toolkit (RTK).
- Excellent JavaScript and TypeScript knowledge and programming experience with ES5/ES6.
- Develop frontend features and improvements in a secure, well-tested, and performant way.
- Create guided tours for apps using React joyride by leveraging it with user experience.
- Experience with writing unit tests using Jest and cypres for achieving a robust system.
- Experience integrating with REST APIs.
- knowledge with DOM and BOM.

SKILLS

- **Languages:**   JavaScript, TypeScript, HTML5, CSS3, Python, C++ , Java
- **Frameworks:**   React, Redux Toolkit(RTK), Node, Django, DRF, Bootstrap, Material UI
- **Databases:**   SQL, PostgreSQL
- **Tools:**   Git, GitHub, Heroku, Netlify, vercel, AWS(RDS/S3), Docker, SEO
- **Design:**   Figma, Sketch, Adobe XD, Adobe Illustrator, Adobe Photoshop, Adobe Premier, Gimp

SOFTWARE ENGINEERING PROJECTS

MEMORIES | liveDemo | Github

react,react-router,redux-thunk,materialUI
- I implemented various concepts of react and managed the state using redux and materialUI made an awesome view.

WOULD-YOU-RATHER | liveDemo | Github

react, react-router, TypeScript, RTK, materialUI
- I have created this app as a game puzzle with TypeScript by leveraging it with Redux ToolKit .

MY-READS | liveDemo | Github

react, react-router
- I have used an external API and categorized the books into three shelves along with a friendly UI.

SYNCFUSION-DASHBOARD | liveDemo | Github

react, react-router, syncfusion
- I created this app as a react admin dashboard with Theming, Tables, Charts, Calendar, Kanban and More.

[MORE PROJECTS…](MORE PROJECTS)

EDUCATION

React web developer– Udacity
- I learned how to translate design requirements into features that empower customers to drive and grow their businesses.

Frontend web developer– Udacity
- solid understanding of core web and browser concepts, JavaScript and knowledge of modern trends in frontend.

UX/UI– Udacity
- I learned how to achieve a good UI by taking the opinion of the user into consideration.

Bachelor's Degree, Computer Science – Al Azhar University, Cairo
- I have Learned OOP, OOAD, Database, Design Pattern, Data Structure, Algorithms and Problem Solving and more.

EXPERIENCE

Freelance Web Developer |upwork | 6/2020 - present
- implemented more than 12 react applications some of them are full stack apps like those. Feel free to check them out.
- Type scripts using JavaScript, TypeScript, Java, c++, and Python.

SKILLS

- **Languages:**   JavaScript, HTML, CSS, Python, C++
- **Frameworks:**   React, jQuery, Node, Django, Express, Bootstrap, Material UI
- **Databases:**   Oracle, MongoDB, Mongoose, SQL, PostgreSQL, Microsoft SQL
- **Tools:**   Git, GitHub, Heroku, Netlify, Postman, Terminal
- **Design:**   Adobe XD, Adobe Illustrator, Adobe Photoshop

SOFTWARE ENGINEERING PROJECTS

SHOPPING APP | jordan.shoppingapp.com **|** github.com/jordancodes/shoppingapp
JavaScript, React, HTML, CSS, Python, Django
- App focused on user experience, with keen attention to UI, accessibility, Flexbox, and CSS Grid
- Full-stack application built that pulls from a third-party API, which is displayed in cards and modals

TRAVEL DESTINATION PLANNER | jordan.travels.com **|** github.com/jordancodes/travel
JavaScript, React, HTML, CSS, Python, Django, MongoDB, responsive design, Material UI, REST API
- Full-stack development project with full CRUD functionality and multiple schemas
- Developed asynchronous API calls to retrieve JSON data through REST API

GOOD VIBES ONLY | jordan.goodvibes.netlify.com **|** github.com/jordancodes/goodvibes
JavaScript, Express, HTML, CSS, jQuery, Bootstrap, MongoDB, Mongoose, Adobe XD, Adobe Illustrator
- Full-stack MERN application with user authentication and authorization through OAuth
- Designed wireframes in Adobe XD and logos in Adobe Illustrator

FOODFINDER | jordan.foodfinder.netlify.com **|** github.com/jordancodes/foodfinder
JavaScript, React, HTML, CSS, Python, Django, mobile-first design
- A one-line summary of the project, highlighting key skills or accomplishments

CALCULATOR | jordan.calc.heroku.com **|** github.com/jordancodes/calculator
jQuery, JavaScript, Bootstrap, HTML, CSS
- Multi-functional tool that handles multiple operations, floating numbers, and use local storage

---

EXPERIENCE

MARKETING ASSISTANT | Giga Marketing, LLC | Remote | 6/2020 - 8/2021
- Automated workflows to streamline data processing, increasing efficiency by 15%
- Increased social media engagement by 10% through a user-generated content campaign
- Consolidated data from 3 departments and crafted data visualizations with Microsoft Excel
- Updated and managed the customer database and mailing lists with 100+ new records per week

CUSTOMER RELATIONS SPECIALIST & COMMUNICATIONS COORDINATOR | ABC Catering | Atlanta, GA | 9/2019 - 3/2020
- Documented and managed 250+ client communications per week, consistently exceeding targets and client expectations
- Recognized as #1 (out of 10) CSR in Jan 2020, based on customer satisfaction, speed of resolution, and availability

COMMUNICATIONS MANAGER | Spelman College Environmental Action Association | Atlanta, GA | 8/2019 - 4/2020
- Maintained organization's web presence and social media page, designing 8 graphics per semester using Adobe Illustrator

---

EDUCATION

Software Engineering Certificate – General Assembly, Remote
- Technologies used: React, Express, MongoDB, Mongoose, jQuery, Bootstrap, Bulma, HTML, CSS, JavaScript, APIs, GitHub, Python, Django
- Skills learned: front-end development, back-end development, full-stack development, responsive design

Bachelor of Arts, History – Spelman College, Atlanta, GA
